GUARANTEED BY RICKERT & WELLS.

Hyomei, the Only Cure For Catarrh Which Returns Your Money if Not Satisfactory.

It is seldom that a druggist has enough faith in the medicine he sells, even when prepared by himself, to be willing to refund the money if it does not cure, but Hyomei has cured so many cases of catarrh among the customers of Rickert & Wells that they offer to refund the money to all who use it and report that they are not satisfied.

Hyomei is the simplest and most convenient remedy for catarrh ever offered to the public. Breathed through an inhaler so small that it can be carried in the vest pocket, for a few minutes a day, it will absolutely kill all the germs of catarrh and cure the disease. Catarrh cannot exist where Hyomei is used. It has a two-fold action, killing all the germs in the air passages and lungs and soothing and healing the irritated mucous membrane.

Some of the most prominent men and women of the country have gladly given testimonials to Hyomei. After seeking relief in vain for years this wonderful remedy has cured them of catarrh, and it is no wonder that they want others to know of it.

D. O. Groff, editor of the Nicholasville, Ky., "News," writes: "Ever since I was a young man I have been troubled with catarrh, and in later years the disease became unbearable. Hyomei has helped me so much that I wish to publicly speak of its merits, so that others afflicted as I have been may be likewise benefited."

If you have catarrh, accept Rickert & Wells' proposition and use Hyomei. The complete outfit costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.
